

Terms of Service

1. Scope of Services

Through this website, the provider offers services in the development of web applications, programming, and consultations. All presented offers are for informational purposes and do not constitute a proposal to enter into a contract.

2. Contract Formation

A contract between the provider and the client is formed through individual communication, especially via email, after agreeing on the scope, price, and delivery date of the services.

3. Pricing and Payment Terms

Prices for services are negotiated individually. The provider issues an invoice upon mutual agreement. The usual invoice due date is 14 days. The provider is not a VAT payer.

4. Liability and Warranty

The provider is responsible for the proper delivery of services as agreed. However, the provider is not liable for any damages resulting from misuse of the outputs or third-party interventions.

5. Personal Data Protection

When using the contact form, personal data such as name and email address may be processed. These data are used solely for communication purposes and are not shared with third parties.

6. Final Provisions

These terms of service are governed by the laws of the Czech Republic. The provider reserves the right to change these terms at any time. The current version is always available on this website.

7. Effective Date

These Terms and Conditions are valid and effective as of **9 June 2025**.
